Source AE: Breeding values and Breeding worth calculated by NZAEL

Source InSire: Genomic Breeding values and Genomic Breeding worth calculated by CRV

Genomic BW/BVS calculated by CRV, this may not show on your herd recording programme.

Final selection is subject to semen production and substitutions where required.

*Refer to website for terms & conditions at the bottom

S+ = SCS gene carrier

Estimated Teams Breeding Values based on:

AE
19/01/2024
